## Sounds of the Accusative Case

Use the following mnemonic devices to help you learn the final endings of words that mark the accusative.  
“nee see” ( n e s e ) The sounds are **N E S E** — This applies to the “der” words.

## Declensional Endings on Nouns in the Accusative Case

*Schwaches Maskulinum* — Weak masculine ‘N’-nouns take the ending “N” (or “en”) in the accusative. The declensional ending “N” also applies to all cases outside the nominative. Compare the nominative to the other case forms with the following nouns.
